DATASHEET

tivizen pico

TV for your iPhone & iPad

Article Number: 0381
EAN Code: 8809208580381

Tivizen pico is an innovtaitve and powerful TV receiver for DVB-T (DTT Freeview) that turns your iPad and iPhone into a great mobile TV. Watch your favourite TV programme at any time, or just record it. Enjoy Live TV whenever and wherever (DVB-T/DTT reception required) – Internet or 3G connection is not needed. Use also the integrated EPG to be up to date what's next on TV or check your e-mails while watching TV. Tivizen pico fits into even the smallest bag and brings mobile Live TV also on the newest Apple devices.

» Live TV whenever and wherever (DVB-T/DTT reception required)
